

Topaz Analyzer Series

Online water analyzer for the automatic monitoring of a variety of parameters.

Single parameter monitoring of aluminum, ammonium, chlorides, COD, color, fluoride, manganese, phenol, silica, total alkalinity, total hardness and total iron in different applications.

Topaz Analyzers

Topaz Aluminum
Topaz Ammonium
Topaz Chlorides
Topaz COD (Permanganate Index)
Topaz Color
Topaz Fluoride

Topaz Iron
Topaz Manganese
Topaz Phenol
Topaz Silica
Topaz Total Alkalinity
Topaz Total Hardness

Topaz – The all-purpose water analyzer series.

One platform. 4 methods. Numerous applications.

Absorption.
Colorimetry.
Potentiometry.
Titrimetry.

Range of Applications

The Topaz series is an all-purpose analyzer series which meets the demand of a wide range of applications.

	Measure- ment Method	Surface Water	Potable Water	Process Water	Demin Water Production	Wastewater	Effluents
Topaz Aluminum	Colorimetry		■			■	■
Topaz Ammonium	Colorimetry	■	■			■	■
Topaz Chlorides	Potentiometry		■	■			
Topaz COD (Permanganate Index)	Titration	■					
Topaz Color	Absorption	■	■				
Topaz Fluoride	Potentiometry		■	■		■	
Topaz Iron	Colorimetry	■	■			■	■
Topaz Manganese	Colorimetry	■	■			■	■
Topaz Phenol	Colorimetry			■		■	■
Topaz Silica	Colorimetry	■		■		■	■
Topaz Total Alkalinity	Titration		■	■	■		
Topaz Total Hardness	Titration		■	■	■
